

God in the Pumpkin Patch

Christians are like pumpkins in the patch, loved by the Creator and designed to shed light on a dark world.

God picks each of us from the pumpkin patch and starts with washing off all the dirt. Then He opens us, scooping out the slimy goop of sin inside. He clears out seeds of doubt, hatred, guilt, and other sins that come between us and God. He lovingly forgives us of all sin. When sin is removed, a beautiful smile is created. Lastly, God puts a light in to illuminate the darkness. This is the Light of Jesus.

Do you shine the Light of Jesus?

**“I am the light of the world.
Whoever follows me will not
walk in darkness, but will
have the light of life.”**

John 8:12 ESV
